About Veritas Marine

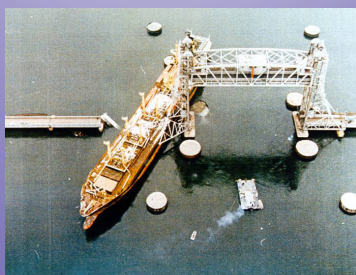

Veritas Marine Ltd. is a company dedicated to the provision of professional Marine Accident Investigation and Accident Prevention services worldwide to Coastal and Flag States, and to other private sector marine interests.

Veritas Marine personnel have decades of experience investigating a large variety of marine accidents including;

- fire / explosions
- collisions / allisions
- capsizings
- foundering
- groundings
- structural failures
- man-overboards
- onboard accidents

Additionally, Veritas Marine can provide expertise in the development and auditing of Safety Management Systems pursuant to the ISM code, and consulting services relating to the requirements of the ISPS code.

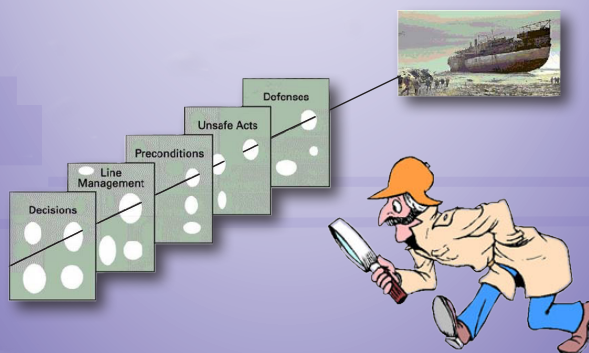

Veritas Marine Investigations

Veritas Marine maintains a team of professional, experienced nautical, engineering, human factors, and naval architect investigators on call for deployments to accidents worldwide.

We will deploy a team of investigators to an accident site within 12 hours notice.

Veritas Marine investigations are conducted using IMO, and MAIIF recommended methodologies, and to the provisions of the IMO Casualty Investigation Code.

Safety analysis to identify safety issues is conducted using the renowned Integrated Safety Investigation Methodology (ISIM).*

Engineering Laboratory testing of parts is available as needed.

Depending on the complexity of the accident and investigation, a draft report will be available to clients within 2 months.

**As developed by the Transportation Safety Board of Canada*

Veritas Marine's Values

Competence

We engage, experienced, trained and competent investigators and staff to ensure the best service to our clients.

Openness

We are open to exploring all avenues, theories, and issues during an investigation and will listen to the opinions of stakeholders.

Integrity

The integrity of Veritas Marine is paramount. Our staff will work to a code of conduct that is moral, ethical, and independent. We will display integrity in our relationships with clients, staff, and in every aspect of the conduct of our business.

Reliability

Veritas Marine will provide services to our clients in a reliable and predictable manner. We are motivated by our clients expectations, and, in keeping with the best principles of quality management we commit to "saying what we do, and doing what we say".
